

WRVAG Executive Board

Our Executive Board meetings are open to the public and we encourage those individuals who are interested in our vision to attend any of our meetings. Our website lists our current projects and we welcome new ideas.

Board members leave for any number of reasons and, as amazing as our Board of Directors are at directing this organization, **our Board is currently not sustainable**. We do not have enough Board members to provide for continuity and knowledge base, ensuring a smooth transition when Board members begin to leave.

So, if you are an artist/artisan or an individual who loves art — and you wouldn't be receiving this newsletter if you weren't — please consider joining our team.

President's Message

The WRVAG Board is very excited to bring our community a variety of creative visual and listening artistic mediums in 2024. You don't want to miss any of these opportunities. Check our website at www.wrvag.org often throughout the coming months.

This year, the WRVAG is sponsoring our second "open" themed exhibition titled: "Within". This is an exhibition where the artist explores the subject of "within", to discover and create a piece of artwork that expresses or illustrates the "theme" of the exhibition. (See **Events & Classes** section of this newsletter for more information).

In addition, we have a full exhibition schedule in our Warm Springs Gallery, featuring local and regional artists. (See **In the Gallery** section of this newsletter).

Further, the Dubois Chamber Music committee is moving forward on several musical events for this year, as well. See the Dubois Chamber Music portion of our website to stay abreast of their events. (duboischambermusic.wrvag.org)

In closing, I want to thank our Patrons, as well as members of our communities for supporting the WRVAG in our pursuit of bringing all forms of creative vision to our community throughout 2023!

"Art, in all its disciplines, speaks to our soul...our humanity...and, in these trying times, it is needed more than ever."

On The Web

Starting in 2025, we will provide our newsletter through MailChimp. Currently, we do not have an email address for all of our Patrons. Please stop by our website and "Touch" our Newsletter Link on our sidebar to update your information. As always, we will continue to provide our newsletter as a PDF download on our website. Stay informed as we move forward in the arts!

We are now accepting requests for Featured Artists for our 2025 exhibition season. Currently, we have only a couple of exhibition dates remaining. Visit our website and "Touch" the Featured Artist Link for more information and to reserve an exhibit date.
